Find out what's baffling the medical community. Discover why hospitals and universities around the world are investing time and money in an attempt to explain these healings... and *how you too, can master this extraordinary work!*

Reconnective Healing has been presented at the **United Nation** and to a full house at **Madison Square Garden** in New York City, featured in various media including the *The New York Times* and most recently in the new film, *The Living Matrix*.

The Reconnection has taught this new level of healing to over 60,000 people in more than 70 countries and it has been documented in six books to date, including the international bestseller, *The Reconnection: Heal Others, Heal Yourself* by Eric Pearl, soon to be in more than 36 languages.

As a doctor, Eric ran a highly successful chiropractic practice for 12 years. Then one day, his patients began reporting that they felt his hands on them – even though he hadn't physically touched them. Patients soon reported receiving miraculous healings from cancers, AIDS-related diseases, epilepsy, chronic fatigue syndrome, multiple sclerosis, rheumatoid and osteoarthritis, birth disfigurements, cerebral palsy and other serious afflictions. All this occurred when Eric simply held his hands near them – and to this day, it continues.

Reconnective Healing elicits great interest from top doctors and medical researchers worldwide, with new research programs currently in progress under the guidance of Drs. Gary Schwartz, William Tiller, Konstantin Korotkov, and others.

Doug De Vito (BS ChE, MBA, Procter & Gamble, AT&T, Walt Disney, Deloitte) will discuss the remarkable story of how this new level of healing was discovered, along with the current research that substantiates it. Doug was the first person selected and trained by Eric Pearl to teach this work.

These seminars will teach you mastery of healing beyond anything you've read about, thought about, dreamed about!
